HAVE PAID \$37,000.

Stockholders of Farmers' Bank Prompt in Paying Assessment.

Receiver Armstrong says that the stockholders of the Farmers' national bank have been very prompt in paying up the assessment ordered by the controller of the currency. Nearly all who were considered good have paid the first installment of 25 per cent. and some have paid the entire assessment of 94 per cent. In all, \$38,000 has been paid in. It was estimated that the call would produce \$30,000 as the first 25 per cent. The payment of the entire amount of some of the stockholders brings the receipts above that.

The controller of the currency has issued a formal notice declining to modify his original call or to extend the time.

THEY DIFFER SOME.

Property Owners Want Reduction of Valuation—Court House Items.

The city board of equalization and the property owners seem to have different opinions as to the value of the new buildings erected the past year. The Republican party is taking the gold cure, and like many who have done so, will probably die shortly after the treatment.

The Republican party is just now worshipping the golden calf, but when its Moses of common sense returns, it will find that it has made a grave mistake, and will suffer a more severe chastisement than did the children of Israel.

The convention at Columbus next week will be a convention of the people, and if there is a fight, it will be on principle and not men. It is the welfare of the people that the Democratic party has at heart, more than its own aggrandizement.

There are men whose principles are proof against the party lash and whose manhood sustains them in throwing off the party yoke, as was demonstrated in the Republican convention at St. Louis Thursday. It is the Republican party that is split up the back this time.

Now that McKinley is nominated, we may expect to see milk and honey flow and nanna fall from every bush. We have been promised by Republican papers that as soon as he was nominated, prices would increase, wages would be raised, and every factory, furnace and forge in the land would start up in full blast. Things have not commenced to move that way yet, and we advise our readers not to try to hold their breath till they do.

The gentleman whom the Republicans nominated for vice-president last Thursday at St. Louis is a strong A. P. A., and it is declared that it was through the influence of that organization that Mr. Hobart was chosen. If he and his chief are elected, and he comes to reside over the United States senate, the Catholics of all nationalities might as well prepare to move out. But the people are not likely to ratify the nominations of Thursday. This is a country in which the people are sovereign.

The Cincinnati Enquirer, in commenting on the St. Louis convention, truthfully and eloquently says: "Greater than the winning of the race for nomination was the heroic though ineffectual warfare waged by Senator Henry M. Toller, of Colorado, and his colleagues for the cause of free silver."

"Since the days in the United States senate when acting under direction of their states, certain senators surrendered their seats and walked out, there has never been a more tragic incident in political history. Ragged, defiant and yet regretful, these heroic men, among them five United States senators, stood up before their colleagues of the party, and after making every effort compatible with their honor and dignity, took the only step that was left—down and out of the party which they had honored and by which, in turn, they had been honored."

"They went out as brave men, not cowards, their heads erect and their eyes set straight ahead, even if there were tears to obscure their clearest sight. Once past the portal and their party behind them, their aged chief faltered and bent beneath the weight of his emotion. The strong arm of a devoted fellow warrior, known to him, and linked together they passed on with the dull roar of the liveliest and the taskmasters of the doomed party ringing in their ears. In defeat they were still victorious, for their appeal now goes from a prejudiced tribunal to the bar of the people for a verdict that will be accepted as the judgment of the Almighty."

"Their issue will be the issue of the campaign, and all the gold of Lombard and Wall streets cannot still it. The tears of Toller and of Cannon are arguments more powerful than the countless cheers of the tribed delegates and the sacrilegious chanting of hymns devoted to liberty. The honest words of the conscientious representatives of the real people of the United States will ring from the golden shores of the Pacific to the black barriers of the East against the surging Atlantic, telling in mighty chorus what the day's work of the gold-influenced convention means to the republic."

"The braying of baunds and the flaunting of banners could not drown out the ringing voice of the youthful Cannon, of Utah, as pale but firm, he proclaimed that the once great and glorious Republican party had fallen under the domination of the oppressors of the people. So it will be when the question is brought into the forum of the people."

"Those who witnessed the impressive and solemn scene that morning can realize what the forefathers of the republic saw on the momentous day when from the steps of Independence hall, in ancient Philadelphia, the American magnanimitas was read, while the bell overhead rang out its solemn summons to the message of liberty in all the land. It was the reading of the second Declaration of Independence that the thousands that listened to with eager interest, and a proclamation of emancipation that the immortal Lincoln would have been proud to present to his people."

ROYALLY ENTERTAINED

Revelries Over the Annihilation of an "All Day Sucker."

Mrs. C. A. Barton, 310 Jackson street entertained the "Pittsburg Crowd" last night. There were about sixty present, and a most enjoyable time was had. The evening was spent with games and other amusements. Excellent music was served during the evening. One of the amusing incidents of the evening was the eating of an "all day sucker." In one of the games of the evening, guessing was a feature, and the one making the largest number of guesses was to win the "sucker." Then was a tie, or by some means, no one won the "sucker," and it was decided that the committee on entertainment—Messrs. Van Murphree, F. E. Whitlow, S. Adams and Jno. Reilly—should eat the "sucker." When it was brought out, there was a storm of merriment. It was nearly as large as a bushel basket and was fastened around a broom stick. The committee tackled it, but if they had not received help from the other guests they would have had an all summer's job. The midnight hour was not far away when the party dispersed.

Five crackers, Roman candles, sky rockets and balloons and all kind of Fourth of July fireworks, at Kirby's.

WAS IT A MISTAKE?

It's Or Not Where Are the Ladies With the Embroidery?

Over two months ago a lady left several handsome pieces of embroidery at the Misses Eaves, on Chillicothe street, for sale. Shortly afterwards two ladies called and said that the lady who had left the embroidery had sent them to get it. They were well dressed and respectable in appearance, and the embroidery was given them without any questioning, their names not even being asked. That was about two months ago and Miss Eaves had forgotten all about the transaction until a few days ago, when the lady who had left the embroidery called for it. It was then ascertained that no one had ever been sent for the embroidery, and that it was either secured through some misunderstanding or by misrepresentation. If this article falls under the notice of those who got the embroidery, they, if they are honest, will return it, or pay for it, and if they are not, it may transpire that they will get into trouble.

Very Ukiat.

A few days ago the Times made editorial mention of Judge Dever, in which he was complimented and given the preference over any other Republican. Now comes a "Reader of the Times," with the editorial comment clipped from the Times, and in reference to it says:

"Did you get paid for writing this? A man who swindled the country out of \$12,000 taxes is not entitled to such an office, and you ought to know it." A READER OF THE TIMES.

It is perhaps no more than proper to say that the Times did not get paid for the notice.

HON. C. T. CALDWELL,

Of Parkersburg, W. Va. Recommends Wright's Celery Capsules.

Parkersburg, W. Va., Jan. 26, 1895. The Wright Medical Co., Columbus, Ohio:

Gentlemen:—I have been using Wright's Celery Capsules since November, 1894, and find them to be as recommended. I first began taking them while at Hot Springs, Ark., under treatment for sciatic rheumatism and liver and stomach trouble, with which I had long been a sufferer. I found the Celery Capsules gave me great relief from the beginning and have used them ever since. With pleasure, and unhesitatingly, I recommend them to any and all suffering with like afflictions, or either of them. Very truly yours,

CHARLES T. CALDWELL.

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes, August 10th, 1891: "Foley's Kidney Cure is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health, and Foley's Kidney Cure has made it such. I had suffered twenty-seven years with the disease, and today I feel ten years younger than I did one year ago. I can obtain some wonderful certificates of its medical qualities."—Amann's Pharmacies.

CITY FOX CHASE.

A Hunter from Lawrence County Will Give One in the Streets Here on the Fourth of July.

One of the drawing cards of the Fourth of July celebration will be a fox chase through the streets with genuine wild foxes and a trained pack of hounds. A fellow who lives up in Lawrence county, a few miles back of Ironton, writes the committee that the will be glad to come down and give us such an entertainment, provided his expenses are paid. The proposition has been considered by the executive committee, and they have decided to bring the hunter, his foxes, and his hounds, here on the Fourth for the royal sport. It will not cost more than \$15, and it will prove one of the greatest attractions of the whole day's celebration. The Lawrence county proposition is to bring two wild foxes just captured from the hills. They will be turned loose on lower Market square and an eager pack of ten trained fox hounds turned loose on their trail. The foxes will be given the advantage of a good start, and the chase is expected to last half an hour or more before sly Reynard is taken in by his pursuers. "I will be great sport."

Can't Explain It.

Owners of horses in Washington C. H. and other parts of Fayette county are alarmed at the spread of some unknown unexplainable malady which is affecting their animals.

After driving some distance they suddenly spring up in the air and drop dead. The bodies swell up almost to twice the natural size and several have been reported in the last two or three days of bursting. A number of cases have been reported in the last day or two.—Chillicothe Gazette.

Something About the "New Man."

HE BELIEVES IN PRAISING THOSE TO WHOM PRAISE IS DUE.

A Story from Tennessee which is the Equal of that of J. M. Foster Published in these Columns Some Weeks Ago.

From the Herald, Columbia, Tennessee.

Many and various are the discussions of the "new woman," but most of the women we've seen have no aspirations toward the emancipation of their sex from any yoke except the burdensome yoke of ill health. They all seem to think—and think rightly—that their proper field is their home, and to work faithfully in this field she must be strong and hearty. Care is peculiarly a woman's heritage. But it was not the "new woman" or any other kind of woman that we started out to talk about. It is a "man" in the case this time, and a man, too, that thinks he is the newest kind of a "new man."

From what he tells us, he has good cause to think so. There is no comparison between his present state of feeling and that of two years ago. But let the following speak for itself. We published a few weeks ago a statement of the marvellous cure of Mr. J. M. Foster, of Carter's Creek, now one of the *Herald's* men, from locomotor ataxia (a disease said to be incurable), by the use of Dr. Williams' Pink Pills for Pale People.

The account was read by numbers of people who were eye-witnesses of his bodily suffering and who knew what Mr. Foster stated to be true beyond a peradventure of a doubt; it was read by others, also, who believe in just the same as if they too, had seen all, because Mr. Foster is well known over the country to be a man of unimpeachable veracity.

So strong is his belief in the Dr. Williams' Pills, he has influenced a number of other people to use them, and all have become new persons.

One of the number is a young man of Southport, Maury County, Tennessee, Mr. N. F. Murphy. He is only twenty-one years old, and being of a delicate constitution, has been afflicted the greater part of his life.

Young Murphy says, he verily believes that very few people of any age or climate have been called upon to endure the bodily suffering which he has undergone.

In an interview with the *Times*, he told us the following, which we give at his own words:

"Five years ago I was attacked with a severe spell of the grippe, which affected me very much. However, with the summer before me, I gradually grew better until I considered myself nearly well when in September following I was prostrated by an attack of biliousness.

"I took the medicine administered by our family physician and was soon on my feet, though with a large amount of malaria in my system. Being in a low state of health, I was troubled all winter with dreadful colds and coughs.

"The following spring I was again attacked with another severe case of biliousness, and only rallied in part from its spell when, at the suggestion of some of my friends, I resorted to various patent medicines for relief, but without satisfactory results. The malaria continued, and there was no end to my taking cold, which at last began to settle on my left lung, which was weak, inasmuch as it had been the terrible effects of an abscess when I was quite small. As a result, expectoration began and grew worse until May, 1894.

"Now comes the period in my sickness which was to the last degree gloomy. Because of the inactivity of my liver, I could not eat anything that would agree with me, and, to add to my already intense suffering, inflammatory rheumatism got me in its grip. It was dreadful. No one can imagine what agonies I suffered. In this condition I became as helpless as a babe, for I could not raise a hand. I was considered to be on the verge of the grave, and I despaired of my life.

"Deliverance came in this way. Through the influence of Mr. J. M. Foster, a friend of mine, I was induced to give Dr. Williams' Pink Pills for Pale People a fair trial. The result was simply marvellous. Within two weeks after I began taking the pills, a marked improvement in my condition was to be noted. I steadily continued to improve until I reached my present state of good health. The hand of death was stayed for the time being, and the grave cheated of its victim.

"All praise is due to Dr. Williams' Pills. Surely I gave them a fair trial, for I used forty dollars' worth of them and ought to know whereof I speak. I doubt not that the success of Dr. Williams will rank among the foremost of the greatest benefactors of the age.

"This is submitted to sick and suffering humanity."

"These cases will not seem so remarkable if a body remembers that it is stated by men of science that the entire human body is renewed once in every seven years. It is interesting to inquire how this can be accomplished. Of course, it is readily understood that the work of disintegration and decay goes steadily on, but how are the wasted particles replaced? It is by means of the circulation of the blood. All the nourishment which is taken into the stomach is, after digestion, received by the blood and carried to every organ, tissue and fibre in the body. This is a most important office, and it is important that the blood which is to do this work should be pure, rich and healthy. Otherwise it will not only be unable to fulfill its mission properly, but it will scatter disease throughout the system.

"Indeed, it is from impure blood that a great majority of diseases originate, and it is only by making the blood pure that they can be cured. Dr. Williams' Pink Pills for Pale People possess a building-up strength-giving power which make them just the medicine for those who find themselves in a weak and run-down condition, either as a result of illness or because of impure or impoverished blood.

"Dr. Williams' Pink Pills are not looked upon as a patent medicine, but rather as a prescription. An analysis of their properties show that they contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, neuritis, rheumatism, nervous headache, the after-effects of the grippe, palpitation of the heart, pale and sallow complexion, and the tired feeling resulting from nervous prostration, all diseases resulting from vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also specific for troubles peculiar to females, such as suppurations, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y., for 50c. per box, or six boxes for \$2.50.

"I took the medicine administered by our family physician and was soon on my feet, though with a large amount of malaria in my system. Being in a low state of health, I was troubled all winter with dreadful colds and coughs.

"The following spring I was again attacked with another severe case of biliousness, and only rallied in part from its spell when, at the suggestion of some of my friends, I resorted to various patent medicines for relief, but without satisfactory results. A SENSATION

Killed by a Telegram from the State Insurance Commissioner.

Two Sides to the Story That "The Modern Woodmen of America" Has No Authority to Do Business in Ohio—The State Commissioner Says They Have—Fortunate People Interested.

Yesterday the Times was given a tip on what promised to prove a big sensation, but investigation only demonstrated the fact that there are two sides to every story, and that the "other side" sometimes changes the general tone of the story. The Times was handed the following letter addressed to a Portsmouth man, whose name was hidden from view by a slip of paper being placed over the name:

OFFICE OF STATE INSURANCE COMMISSIONER, COLUMBUS, June 17, '96. In reply to your favor of the 15th inst. we will say that the Modern Woodmen of America has not yet reported to this department. Blanks are being prepared and will be furnished said association and when their report is filed the question of the issuance of a license to them will be considered. Very truly yours, J. H. HICKMAN, Deputy Superintendent.

Two gentlemen, W. W. Benson and J. H. Hickman, have been in this city for five weeks and have secured the signatures of probably 150 of the substantial men of the city to a paper for the organization of a camp of Modern Woodmen of America. The camp is to be instituted next week, and from the above letter it looked very much as though some one was going to get bit. Mr. Benson was very much surprised when approached by the Times, and said that there must be some mistake. He said that when the society first applied for admission to this state a year ago, there was no law governing such associations. The Fraternal congress, which included representatives of the Modern Woodmen, The Macabees, Royal Arcanum, Foresters, and a dozen other societies, appeared before the legislature last year and had a law passed authorizing them to do business here. They were accordingly given permission to do so and have organized about fifteen camps in Ohio, one of which is in Columbus. Documents shown the Times were convincing of the right of the society to exist in this state. However, the following telegram was sent to the commissioner of insurance:

"Commissioner of Insurance, Columbus, O. Is the Modern Woodmen of America authorized to do business in Ohio? Is it in violation of the law?"

THE PORTSMOUTH TIMES. At 4:26 the following reply was received: "Columbus, O., June 19. The Times, Portsmouth, O. Modern Woodmen has authority to do business in Ohio under Redki law. W. S. MATTHEWS, Commissioner of Insurance."

At this should set at rest all doubt as to the order having authority to do business in this state. The Times knows nothing as to the merits of the order as a benefit fraternity or insurance company. We are not recommending or condemning it, but it comes within the province of the newspaper to place the 150 citizens, who have become interested in it, in possession of the above facts. The agents who have been working in the interests of the order have made a good impression here and have been gentlemanly and honest, so far as the Times can learn. The rumors on the streets yesterday placed them in an unfavorable light, but the investigation by the Times resulted in the above.

THE FIRST WAVERLY BICYCLE. It Was Owned By Floyd McCormick Who Lived a Neighbor to the Manufacturer. Smith—He Also Named the Wheel.

Floyd McCormick, Esq., boasts of being the owner of the first Waverly bicycle ever manufactured. In fact, he rode and owned the original Waverly wheel. It was ten years ago, when he was living in Indianapolis, Smith, the man who founded the Indiana Cycle works, was a neighbor of McCormick's and a very close friend. The two stayed up of nights together and talked bicycle. Smith had a great scheme for equipping a factory for the manufacture of cheap wheels. He proposed to make a good wheel and sell it at a more reasonable price than any other machine on the market. He had no money, but by a streak of luck, his wife suddenly came into possession of \$6,000, and with this and \$4,000, put up by his young lady book-keeper and the foreman, a company was formed and the factory was started. The first wheel made was purchased by Mr. McCormick, who bought it for \$100. It was the first wheel turned out of the shop with the Waverly name plate on it, and it was Mr. McCormick who suggested to Smith the name "Waverly" for a bicycle. Today Smith is a millionaire, and the Indiana factory is turning out thousands of wheels annually and is one of the largest factories in the world.

THE FIRST WAVERLY BICYCLE

It Was Owned By Floyd McCormick Who Lived a Neighbor to the Manufacturer. Smith—He Also Named the Wheel.

Floyd McCormick, Esq., boasts of being the owner of the first Waverly bicycle ever manufactured. In fact, he rode and owned the original Waverly wheel. "SILVER THREADS"

Among the Gold," So Says the Democracy of Scioto.

Silver Men Control the Convention—No Opposition.

Enthusiastic Democrats Nominate a Full County Ticket at the Close of a Hotting Convention—Harmony Prevails Throughout—The Delegates to the State Convention and Other Notes.

The Democratic county convention met in Gilson's hall at 11 a. m. today, pursuant to call, and the attendance was larger than it has been for many years. Every part of the county was represented, and from the start it was evident that the silver question was largely predominant. The convention was called to order by Frank Thompson. Jno. Jones was selected chairman and Mr. J. H. Wyatt for secretary. Mr. Jones declined, and Hon. Jas. W. Newman was chosen to preside over the convention.

Mr. Newman, in taking the chair, said that he felt highly honored and that in looking over the crowd he saw the bone and sinew of the Democratic party, and felt that their deliberations would show their wisdom.

Mr. Newman, as no vice-president was chosen, called Squire Forsythe, of the West Side, and Squire Spriggs, of Jefferson township, to sit by him. When they had taken their seats, he remarked that he felt like an angel with those rock-ribbed sages of Democracy on either side of him. The temporary organization was then made permanent. It was then moved and carried that a committee of three be appointed by the chair, on credentials. The chair appointed Dr. Ray, Squire Abraham Forsythe, and J. J. McCall. Thos. Simpson moved that a committee of three be appointed on rules and order of business. At this point the committee on credentials reported on contesting delegates and the convention proceeded to business.

J. L. Patterson then moved that the delegates from each voting precinct select each one man to serve on a committee to select delegates to the state convention and one man to select members of the central committee. This motion was carried.

The chair then appointed Thos. A. Simpson, James S. Baker and J. M. Stanton as the committee on rules and order of business. Their final report was a recommendation that the rules and order of business prevailing at former conventions be adopted, and the report was accepted.

The roll of townships was then called for members of the committee on delegates to the state convention. The following list was the result:

Bloom township, J. J. Gillett; Brush Creek, E. K. Walsh; Clay township, O. M. Coburn; Green, V. Burke; Harrison, J. H. Wyatt; Jefferson, J. M. Field; Madison, W. L. Bennett; Porter (Wheelersburg precinct), Geo. Orington; Rardon township, J. H. Windel; Rush township, M. Barnes; Valley township, R. R. Chapman; Portsmouth, First ward, F. M. Stanton; Second ward, W. K. Thompson; Third ward, J. L. Patterson; Fourth ward, S. B. McKerrhan; Fifth ward, (precinct A) Wm. Phillips; Fifth ward, (precinct B) O. W. Newman; Sixth ward, (precinct A) F. F. Varner; Sixth ward (precinct B) Thos. A. Simpson; Seventh ward, Martin Cook.

Another roll-call of the precincts resulted in the selection of the following as the new central committee:

Bloom township, L. A. Boyer; Brush Creek township, J. P. Gordon; Clay township, J. D. Wilson; Green township, V. Burke; Harrison township, J. H. Wyatt; Jefferson township, Jno. Spriggs; Madison township, Wm. Bennett, Jr.; Porter township, (Wheelersburg precinct) Adam Anberg; Rardon township, J. E. Kennedy; Rush township, J. P. Vandevort; Valley township, James Davies; Portsmouth—First ward, Lewis Wilhelm; Second ward, J. B. Gilson; Third ward, Jno. Jones; Fourth ward, P. Moore; Fifth ward, (precinct A) Steve A. Ingalls; Fifth ward, (precinct B) D. L. Williams; Sixth ward, (precinct A) Alex. Butler; Sixth ward, (precinct B) Geo. Hammett; Seventh ward, J. J. McCall.

At the conclusion of the reports from the various precincts, Hon. James W. Newman called Dr. Sellards to the chair, and taking the floor, said in substance: "If there is one thing more than another that has brought me to this convention, aside from my love for the Democratic party, it was to hear the expression of the Democracy on the financial question. If it declares for silver, I shall indeed rejoice, and if it declares for gold, I will be glad to know it. In accordance with the thought I have here a set of resolutions which I desire to present to this convention."

At this point some objections were offered to the reading of the resolutions, because it was the intention of the convention to appoint a committee on resolutions. A motion was then made and carried that Mr. Newman be allowed to read the resolutions, which he did, and which were heartily applauded. The following are the resolutions:

Resolved: That we have faith in the money of the constitution—the dollar of the fathers—and we denounce the Republican party for the surreptitious demonetization of silver, which has been largely instrumental in bringing financial distress upon the country.

Resolved: That we believe in the free coinage of silver and gold at the ratio of 16 to 1. We believe that the American dollar, backed by the credit of this great country, is as good as foreign money, and we have faith that such a dollar is as good as British coin.

Resolved: That we are opposed to making the financial system of this country subservient to the policy of gold, and we are opposed to the "existing gold standard" which the Republican national convention at St. Louis says "must be preserved." It has been under this "existing gold standard" that prices of all the products of labor have been lowered, and which has compelled the issuance of government bonds to maintain the gold reserve in the treasury at the cost to the people of millions of money.

Resolved: That the delegates selected to represent Scioto county in the Democratic state convention be instructed to vote to sustain this policy.

After the reading of the resolutions, it was moved that the convention adopt them, which was done without a dissenting vote. Before the adoption of the resolutions, an amendment was offered to insert the words "American silver," but it was lost, seemingly because the amendment was put in such a way that the delegates did not understand for what they were voting.

H. F. Thompson, immediately after

the adoption of the resolutions which instructed the delegates for silver, said that he had intended to more fully set forth his views on the financial question, and as he favors the gold standard, define his position, but it was apparent to him that the silver sentiment was so strong that there was no use in combating it, so he had nothing to say.

A recess of fifteen minutes was then taken for the committee on delegates and executive committee to report. This was done instead of an adjournment till two o'clock, as is the usual custom, because it was desired to finish the work of the convention so that out of town delegates could take the early trains home.

At the close of their deliberations, the convention was again called to order, and the committee on delegates to the state convention reported the following gentlemen as their choice:

DELEGATES.

Hon. James W. Newman, Hon. M. Stanton, Dr. J. M. Ray, O. M. Coburn, John Jones.

ALTERNATES.

W. A. Connelley, H. F. Thompson, F. F. Varner, S. B. McKerrhan, J. S. Thomas.

The report of the committees was unanimously adopted. The central committee then reported the following executive committee:

O. M. Coburn, J. S. Thomas, J. L. Patterson, Melvin Pank, Dr. S. B. McKerrhan, P. Vandevort, J. J. McCall.

The report of the committee was adopted, and the convention proceeded to nominate a county ticket.

The rules were suspended and the following gentlemen nominated by acclamation:

Prosecuting Attorney—Wm. B. Richardson, of the Second ward.

Sheriff—G. O. Shively, of Rush township.

Probate Judge—Levi Sikes, of the Seventh ward.

Commissioner—Wm. Brent, of Madison township.

Infirmary Director—R. F. Caraway, of Brush Creek township.

Coroner—Dr. S. B. McKerrhan, of the Sixth ward.

This completed the ticket, and Hon. James Newman said that the first work of the Doctor would be to sit on the Republican party immediately after the election this fall, and O. M. Coburn proposed that the convention guarantee the Doctor his expenses to Canton and back.

At one o'clock, the convention adjourned. The best of feeling prevailed throughout, and everything was harmonious. It now remains for the Democracy of Scioto county to throw off the latterday, that it must be admitted has characterized it to too great an extent in the past, and to go to work with might and main to make a record at the election this fall. If there ever was a time that called for a united effort on the part of those who are in favor of the emancipation of the nation, it is now. If the galling chains of a mongered oligarchy are to be broken from the millions of oppressed toilers, it is now. The British capitalists, aided and abetted by men high in official positions, and by Wall street money kings, have the nation by the throat, and the Republican party is aiding them in seeking to fasten upon the American people an inheritance of perpetual serfdom, and if we would avert it, we must act now.

The sentiment expressed in the Democratic convention today is he same that is sweeping this country from Maine to the Golden Gate, and from the forty-ninth parallel to the Gulf of Mexico. It is the silver lining to the dark cloud that is coming into view; it is the voice of the people proclaiming their supremacy.

Let every Democrat in Scioto county take up the war cry, put his shoulders to the wheel, his hands to the plow and never look back till the sun goes down on the third day of next November, and victory will be ours.

TOMORROW IS THE DAY

Dow McKinney Will Have His Funeral Preached at Fallen Timber—Twill Be a Big Day.

"All roads will lead to Fallen Timber tomorrow. It is the date set for the preaching of the funeral of Uncle Lorenzo Dow McKinney, the eccentric character who will be in his own funeral sermon to be preached by Rev. Forest E. Evans, a Christian preacher from Fride, Ross county. The sermon will be preached in the morning in a grove near the Fallen Timber church. Great preparations have been made for the event and it is expected that fully 2,000 people will attend the "funeral."

Fallen Timber is a small village of 15 or 20 houses. There are two routes to be taken from Portsmouth. The longest is by way of Harrisonville and Flat. It is the silver lining to the dark cloud that is coming into view; it is the voice of the people proclaiming their supremacy.

Freight Wagon on the N. & W. Near Ceredo W. Va.—Engineer Lyle Fatally Injured.

Through freight No. 106, on the Norfolk and Western road, going twenty-five miles an hour was derailed about three-quarters of a mile above Ceredo, W. Va. The engine and eight coke cars went over an embankment about eight feet high. The engine turned clear over and is a complete wreck. The engineer Sam Lyle, jumped and was fatally injured. Three tramps stealing a ride, were buried in the coke and severely injured. The box cars were broken to pieces, and coke piled over the track, so that it was some time before traffic could be resumed. It is not known what caused the accident. The fireman escaped.

TO CURE PILES.

A Remedy That Will Do It and Is Perfectly Safe.

We take pleasure in calling attention to a new pile cure which has been remarkably successful in curing every form of itching, bleeding or protruding piles. The remedy is known as the Pyramid Pile Cure and is recommended by the best medical authorities on account of its absolute safety, ease of application and instant relief from pain.

The Pyramid Pile Cure contains no opium or other poison and does not interfere with daily occupation while using. People who believed nothing but a surgical operation would cure them have been astonished at the results from a single 50 cent package of the Pyramid.

Mrs. May C. Tyler, of Heppner, Ore., writes: One package of Pyramid Pile Cure entirely cured me of piles from which I have suffered for years, and I have never had the slightest return of them since.

Mr. E. O'Brien, Rock Bluff, Neb., says: The package of Pyramid Pile Cure entirely removed every trace of itching piles. I cannot thank you enough for it.

The Pyramid Pile Cure is sold by all druggists at 50 cents and \$1 per package.

The A B C Of Shoes!

A dollar will buy so much leather, so much labor and so many of the little findings in a shoe, no more—no less. Our line of Ladies' Tan Shoes and Oxfords at \$1.50, \$2.00 and \$2.50—Also our Men's Tan Shoes at \$2.50 and \$3.00. and from that on up to the highest price contain full value in leather, findings and labor for the money you pay—with our very small profit added. The reason that we give a little better value than most stores is that we work on a smaller margin of profit per shoe. It is only a question of time when this policy will double present sales, and then we shall reap from the grand aggregate of sales instead of trying to get rich on a single pair of shoes. Would you like to trade at that kind of a store and where you get your money back if you want it.
